BACKGROUND

Gary founded Girotti Supply Chain consulting in 2021 after over 25 years in the supply chain consulting and technology development space. Prior to returning to independent consulting Gary was Global EVP for Transportation Intelligence Products and Consulting at Chainalytics, where he built the Transportation consulting practice and the FMIC products group from zero into a \$10MM a year global business unit. Throughout his career, he has delivered operations improvement projects for hundreds of leading companies including Kraft, PepsiCo, Walmart, and The Home Depot.

Prior to joining Chainalytics, Gary spent six years with i2 Technologies, now part of Blue Yonder. His last position at i2 was Vice President of Logistics Products where he was responsible for managing product development, marketing, and delivery of i2's logistics solutions. Previous to i2, he held positions including Consultant with Bain and Company in Toronto, Canada, Project Manager for Nedlloyd Container Lines in Rotterdam, The Netherlands, and Project Engineer with CP Rail Systems.
