## BACKGROUND

---

### *Research & Teaching Interests*

Paul Tagliamonte is interested in supply chain topics which include logistics and distribution, information systems, inventory, and lean supply chain management.

### *Industry & Academic Experience*

Tagliamonte joined the Supply Chain and Information Management group in 2001 as a part-time faculty member. In 2016, he moved to a full-time role.

Prior to that, he served as the Director of Logistics and Distribution for the Bose Corporation in Framingham, Massachusetts.

He has also held various positions in that company working on its supply chain and enterprise systems between 1987 and 2015.

### *Education*

- *MS, Business Administration, Boston College*
- *BA, Economics, Boston College*
